

MAKE LEARNING FUN!

What better way to reinforce required curriculum on New York's Canal System than to experience it first-hand aboard the Caldwell Belle?

Mohawk Maiden Cruises provides group waterway tours specifically designed with students in mind. With our Lock and Waterfalls Cruise, students will get first-hand experience through one of the canal locks and a close-up view of the waterfalls in Northumberland. This trip is 1-1/2 hours. The Caldwell Belle can hold up to 45-passengers and is Coast Guard Certified. Call to book your learning cruise aboard a real stern-wheel paddle boat today!
